## Week 2, Term 1, 2020. Welcome to a new year and a new service!

Welcome to all new and returning families to the Before and After School Care program.

TeamKids has taken over from Communities@Work as the provider of this service and we are so excited for the year ahead. We're about to enter week 3 and we already have so much happening!

On the 24<sup>th</sup> of February, Week 4, we will be hosting O Week. There will be more info to come from next week but we can promise it'll be an absolutely fun-filled bonanza.

We have started to utilise the breakout space (next to the Indonesian room) for the year 4, 5 and 6s and the room is nearly unrecognisable! Pictures to come.

TeamKids JunkCity competition has officially started and we are all anxious to win that giant inflatable party! The students have decided we will be creating our own version of the Hogwarts castle entirely out of recycled materials. So if you do have any old junk at home, please bring it along.

We can't wait to see what else this term will bring. Always feel welcome to come have a look at our projects, our clubs and how great the service is looking.

## Introducing TeamKids Clubs!

In the upcoming weeks we will be introducing our TK Clubs.

Each week, the students will be learning a new skill linked to subject of the club.

We are so enthusiastic to get started!

**Art Attack!** – Tuesday afternoons

**Cooking Club-** Wednesday afternoons

**STEM Club-** Thursday afternoons

## Introducing TeamKids Badges

TeamKids badges are the perfect way to congratulate and celebrate children living, breathing and demonstrating the TeamKids values. Our 5 core values are Remarkable, Involved, Innovative, Genuine and Fun. Each of our badges are rewarded for demonstrating one of these values.

The goal for children is to be demonstrating these goals regardless of the badges. However, the badges are a cool and fun way to encourage and reward the right behaviors, actions and attitudes.

The logo for Team Kids, featuring the words "Team Kids" in white, bold, sans-serif font inside an orange circle. The background of the entire poster is a vibrant blue sky with stylized white and light blue clouds. Some clouds are hanging from thin white lines. At the bottom, there is a colorful cityscape made of cardboard boxes. The boxes are painted in various colors: pink, green, blue, orange, and tan. They are arranged to look like skyscrapers of different heights. Black rectangular windows are drawn on the boxes. Small toy cars, including a white police car, are on a black road that winds through the city. A bright yellow sun is positioned on the right side of the poster. A white seagull is flying on the right. The overall theme is creativity and recycling.
