

## Introducing my child and family to the class teacher 2020.

The purpose of this form is to facilitate a smooth transition into a new class, to look after the wellbeing of your child as new relationships are built, and to seek ways for families and school to support each other as we share the amazing journey of educating your child. You may send the form into school or bring it to the first conversation with your child's teacher as a guide to your discussion.
